learning to wait on God

Peter

In John 21 Peter is given a clear vision of the course ahead. However, before he even leaves the gate he turns to look at others asking Jesus, “What about him?” Jesus gently places some blinders on Peter knowing on this long journey of faith clarity and focus are necessary.

1. What significant changes have been made in my maturity as a follower of Jesus since I was 22 years old? What are some ways I can still improve?
2. Some people believe the COVID-19 coronavirus is a major problem while others believe just the opposite. How can I be more understanding and less judgmental of those who don't see it the way I do?
3. Jeff made the statement, “comparison produces inactivity.” During the past two months, has that applied to me? If so, how can I be more active for the LORD even during this time of restrictions?
4. Instead of comparing myself with others, what are some ways I can use the gifts and abilities God has entrusted to me to be a blessing to others?
5. Re-read I Peter 4:7-11 and consider two questions. How can I better “love others deeply?” and; How can I be a “faithful steward of God's grace?”
